The First Batch of GMC Students

Foreword

'Giving Back to Alma Mater'

One can see the tree by the fruits it bears and it is a great privilege for all the class mates of 1978 batch to state that we are the fruits of the mighty tree, Guntur Medical College. The seeds of our careers in medicine were sown way back in 1978 in the sacred halls of our alma mater and nurtured by great teachers. Our batch mates have settled down across the country as well as abroad but never left GMC in the minds as memories of our roots are intact.

Our batch boasts of many people who are blessed with not only exceptional talents and skills but also great motivation and commitment to the noblest of all professions. There was a burning desire all through to give back by chipping in with something to show gratitude to our alma mater. Having a deep sense of gratitude but without expression is like holding a beautiful gift sans presentation. Many ideas and concepts were floated in our 1978 group following the initiative taken by our beloved friend late Dr Yogendra Babu who left us prematurely in the wake of Covid epidemic that put a temporary brake to our drive. Dr Nagesh and Dr KVLN Murthy made all the efforts to motivate friends to join hands in the endeavour. Later, choices were narrowed down to a few keeping in mind the desirability and feasibility of the proposed works in the context of current needs and future plans. Dr Sudhakar pursued the matter with the then Principal of GMC and DME and brought up the proposal to build a new examination hall. But it was learnt that the government was not in favour of

any new constructions in the college and instead, construction of a gymnasium in hostel was mooted. In due course, Dr Vijaya, Dr Sudhakar, Dr Jagan Mohan, Dr Ramana Kumar and Dr Kishore discussed various options and with the cooperation of the current Principal, Dr TTK Reddy it was eventually decided to renovate the grand old SPM Lecture Gallery and provide brand new facilities including Audio Visual Equipment, Smart Board and Air Conditioners.

All of our batch mates were raring to go and readily came forward with generous financial contributions to take up any developmental works in the college and once the proposal was finalized and granted permission, additional funds poured in from philanthropic friends. The works were taken up in right earnest and completed swiftly at a brisk pace not withstanding minor constraints. Dr Jagan Mohan took special interest to monitor the works on a regular basis.

The renovation of Lecture Gallery reflects the urge to show our love for alma mater where we learnt the basics of medicine. Guntur Medical College shaped our destiny by providing a strong foundation for our careers and moulding our lives. We all cherish our GMC days with nostalgia. Whatever we are today, we owe it to our alma mater and great teachers. We are forever indebted to our mentors who imparted academics and etched life lessons on our minds.

Our sentiments are best echoed by the beautiful quote, "Gratitude makes sense of our past, brings peace for today and creates vision for tomorrow". The renovation project is a small gesture of gratitude, that reinforces our bonding with GMC and hopefully inspires the future generations. The happy occasion gives immense satisfaction and emboldens us to rededicate ourselves to lend our hands in the efforts to keep the flag of our mother institution flying high.

With All Humility

Subject: Heartfelt Thanks for Your Generous Donation.

Dear Doctors of 1978 Batch,

I hope this letter finds you in good health and high spirits. On behalf of Principal, Guntur Medical College, Guntur I want to express our deepest gratitude for your incredibly generous donation.

Your commitment to supporting our Mother institute has not only touched our hearts but will also make a significant impact on the Academic of our students. Your donation to renovate along with audio visual digitalization of SPM gallery, and we are excited about the positive change it will bring.

It is through the kindness and generosity of individuals like you that we can continue our mission and make a difference in our institute. Your belief in our cause inspires us to work harder and strive for excellence in our endeavors.

Once again, thank you for your selfless contribution. We value your support tremendously and are privileged to have you as a vital part of our Mother institute Guntur Medical College, Gunur.

Wishing you continued success and joy in the coming year.

With sincere appreciation,

Principal
Guntur Medical College.

తాము చదువుకున్న కళాశాల పేరు చెప్పగానే తన్మయం చెందనివారు ఎవరూ వుండరు. ఆ ప్రాంగణంలో అడుగుపెట్టినా, అక్కడి చెట్లగాలి పీల్చినా, గది గోడల్ని తాకినా, నల్లబల్ల మీది తెల్ల అక్షరాల్ని చూసినా... ఆనాటి జ్ఞాపకాలు గుండె కడలిలో కెరటాలై వెల్లువెత్తుతాయి. మరచిపోలేని నాటి మధురాసుభూతులు మనసుని ముంచెత్తుతాయి.

1978లో గుంటూరు వైద్యకళాశాలలో విద్యనభ్యసించిన మా పరిస్థితి కూడా అదే! తెల్లకోటు-స్టెతస్కోపు ధరించి ప్రపంచమంతా తిరిగినా, మా కళాశాల ఒడిలో మేమింకా పిల్లలమే. ఆ ఆనందాలు ఆత్మీయతలే పవిత్రమైన గుడిలాంటి మా కాలేజీకి మేం ఏదైనా పత్రమో, పుష్పమో సమర్పించుకోవాలన్న ఆకాంక్షకు ప్రేరణ. ఆ ఆలోచనను మొదటగా మాలో నాటిన మిత్రుడు డా॥ యోగేంద్ర. మా 'రూబీ యూనియన్' సమావేశానికి ముందు ఈ ప్రస్తావన వచ్చింది. ఆనాటి మా బృందం మొత్తం 130 మంది. అందులో 13 మంది స్నేహితులు మరలిరాని లోకాలకు తరలిపోయారు. మిగిలిన 117 మందిలో ఏడుగురు మిత్రులు ఈ సమావేశంలో చేరలేకపోయారు. ఆ మిగిలిన 110 మందిలో 100 మంది కళాశాలకు 'మేము సైతం' అంటూ ముందు కొచ్చారు. అందరం కలిసి 25 లక్షల 54 వేల రూపాయలు పోగు చేశాం. బ్యాంకు వడ్డీతో కలిపి ఈనాటికి ఆ మొత్తం 28,45,644 రూపాయలయ్యింది. దీనిలో సగం మొత్తం మా వైద్యకళాశాల గ్యాలరీ పునరుద్ధరణకు, మిగిలిన సగం మదర్ అండ్ చైల్డ్ హాస్పిటల్:ఎ గైనకాలజీ వెయిటింగ్ రూములకు మా వంతు విరాళంగా అందించాలని భావించాం.

కళాశాల మాకు అందించిన బోధన, భవిష్యత్తుతో పోల్చుకుంటే ఇది చంద్రునికో నూలుపోగు మాత్రమే అని మాకు తెలుసు. అయినా... వైద్య విద్యా యజ్ఞంలో, అదీ... మా గుంటూరు వైద్యకళాశాలలో జరుగుతున్న మహత్కార్యంలో మేం కూడా భాగస్వాములు కావడం మాకు ఎనలేని సంతోషాన్ని కలిగిస్తోంది. ఇందుకు సహకరించిన వారందరికీ అభినందనలు అర్పిస్తూ...

We celebrated our Ruby Union after 40 years at Ramoji Film City on 20th, 21st and 22nd september 2018. It was truly a remarkable milestone for us.

2 weeks before our Re-Union Dr. Yogendra proposed of doing something to our beloved institution- Guntur Medical College as a token of love and affection. Some of our classmates gathered in Guntur Medical College and had a meeting with Dr. Subba Rao - Ex Principal - GMC on 9 September 23. We proposed our plan.

From 2018 onwards till date we pooled around 28 lakhs.

How to spend the money to the college?

We thought of different proposals and we discussed them in our get togethers and in our zoom meeting as well.

Finally we came to a conclusion to construct an examination hall above the forensic lab.

We informed the same to the principal of Guntur Medical College. Proposals were submitted within no time, to get permission. We discussed with APMSIDC engineers and also with Director of Medical Education. We were asked to give the pooled money to Govt. so that they will construct examination hall (which we don't want to do).

Meanwhile there was a doubt of demolition of all old buildings of Guntur medical college by the government under Nadu-Nedu program and to construct a new building.

So we dropped our proposal and waiting for a good innovative idea to spend our 28 lakhs. Because of COVID pandemic it was delayed for 2 and half years.

Despite the challenges and uncertainties caused by the COVID-19 pandemic and others our commitment to supporting Alma Mater continued.

Recently during our SAPHIRE UNION this proposal of renovating lecture gallery came through Dr. Nalini (Mrs. Jagan).

Renovating the lecture gallery sounds like a fantastic project and a meaningful way to utilize the pooled funds that will benefit both current and future students.

Starting this project on the occasion of Dr. Vijayaleela and Dr. Indira birthdays added a nice touch.

I am sure our efforts will be greatly appreciated by the institution.

I am sure the inaugural function on March 16th 2024 is a memorable event for all of us.

Dear friends

Congratulations and Best wishes It is really a great achievement by our batch to get Gallery renovated.

We did not compromise anywhere and we gave our mother institution the best gallery with all latest features. Different permutations and combinations were considered before zeroing in on this program

The idea came up in our friends' meet at GMC before RUBY meet Dr Nalini (Mrs. Jagan) who is now in faculty there came with the proposal in our Sapphire meet. It appeared good proposal and we immediately accepted it. The College Principal is magnanimous to agree to our proposal.

Yogendra was instrumental in initiating this mission. With the help of ALL our CMs we could complete it now.

Our group profusely thanks Jagan, Nalini, Vijaya, Ramana Kumar, Kishore, Sudhakar and our ebullient Nagesh for getting the work done to our satisfaction.

We must also thank the present Principal Dr. TTK Reddy and the previous Dr. Subbarao for giving us an opportunity to do some service to our mother institution-GMC

Big thanks to all who contributed their time and money for the execution of this project which definitely will be very useful to Students.

Thanks again.

GUNTUR MEDICAL COLLEGE OUR ALMA MATER

Lalitha Ravi

Think of our Alma Mater Guntur Medical College, we visualise even in our sleep & dreams, the majestic stone edifice, housing the various pre & para clinical departments, their museums, laboratories, lecture galleries, and the dissection hall, apart from the Principal's office. And there is this beautiful garden with arched walkways, benches, and impressive statues in the vast

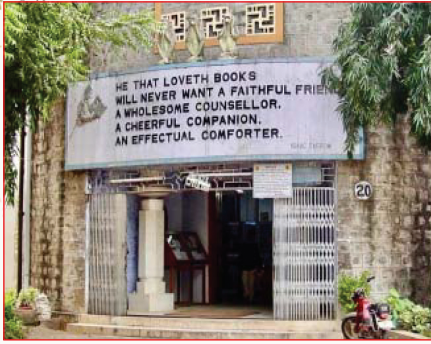

central courtyard, and of course the massive Biochem & Physiology block, and our favourite Library building. And thanks to GMCANA, we now have a wonderful indoor auditorium too!!!

We were all fortunate to have gotten into GMC in 1978. Medical Course is perhaps the toughest graduation course with as many as 15 subjects, spreading over 5 long years!! And that is also not sufficient. We have to necessarily do some PG in order to succeed in our career. That means a period of almost a decade, the prime time of our life & the formative period !! And thankfully our Alma Mater (Means "Nourishing Mother" in LATIN) true to its name, gives us everything. Education, training, clinical skills, discipline, work ethic, values, friends, and perhaps in some exceptional cases, show the life partner too!! All these are the essential ingredients to keep us in good standing in our professional and personal lives !!

Our Alma Mater always had excellent faculty, vast clinical material, and modern teaching systems.

Speaking of faculty, we were extremely fortunate to have had wonderful teachers in our time. Some people come to mind immediately, because of that strong impression they made on our minds. They taught us, guided us, motivated us, and inspired us in many ways. Bhaskar Rao, Kanthamma, Anasuyamma, Seetha Devi, Indira, Vasudevarao, JP, Annapurnamma

Venkataratnam, Ranganayakamma, Enoch Prabhakar, Siva Rama Prasad, KGK, Lakshmana Rao, Subrahmanyam, Gopala Rao, Srikanth, Nuthakki, ENB, NVS, Savitri C, Savitri A, Prasunamba, Ramana Rao, Phanindra Kumar, Vengal Rao, CK Sarma, Brahmanandam and many others!!

By no means this is a complete or exhaustive list of those superb teachers who had taught us all during our time in GMC. Also several of our seniors who were Postgraduates during that time taught us. And many of us also have become teachers at some stage in our careers, and taught our juniors and students. "Guru-Sishya Parampara" this perhaps is best exemplified in our medical education and medical colleges. And it is such a pleasure to remember all those teachers & reminisce those wonderful moments and memories during this happy occasion now !!

Our GMC library played a crucial role in our learning. It was a major source of knowledge, inspiration, journals, references and many more. Many of us would have wonderful memories and nostalgic feelings about the library, and not all those great memories we have of library may be related to academics.

Many relationships and friendships too blossomed in the library. Jorge Louis Borges' quotation "I have always imagined that paradise will be a kind of a library" aptly describes our GMC Library !!

Guntur Medical College provided all these to each one of us. And also additionally 100+ excellent friends, as classmates for our 1978 batch. Basically, we are what we are today because of our Alma mater. We can probably never repay the debt we owe to our Alma mater, GMC. No matter what we do!! But that intention of giving something back, and doing some bit within our scope, is good enough indeed !!

So, we should all be glad that we have assembled now in GMC for this inaugural function of our renovation and upgradation of one of the teaching galleries in the college with the most modern & smart systems!!

Kudos to our friends in the organising committee & cheers to all!!

Wishing you all the very best!!

40 ఏళ్ల తరువాత వైద్యుల అపూర్వ కలయిక

గుంటూరు మెడికల్: గుంటూరు వైద్య కళాశాల లో 1978లో ఎంట్రీఎస్ వైద్య విద్యను అభ్యసించిన వైద్యులు 40 ఏళ్ల పూర్తయిన సందర్భంగా ఆదివారం కళాశాల జింఖానా ఆడిటోరియంలో కలుసుకున్నారు. తమకు విద్యాబుద్ధులు నేర్పి వృత్తి మెలకువలు నేర్పిన కళాశాల అభివృద్ధి కోసం తమ వంతు సాయం చేయాలని ముందుకొచ్చారు. వైద్య కళాశాలలోని ఓ లెక్చర్ గ్యాలరీని ఆధునికరణ చేసేందుకు ఎనిమిది లక్షలు విరాళం ఇచ్చేందుకు అంగీకారం తెలిపి

కళాశాల ప్రిన్సిపల్ డాక్టర్ సుబ్బారావుకు విషయాన్ని తెలిపారు. ఈనెల 23న తమ బ్యాచ్ వైద్యులంతా హాజరై నిధులు ఇస్తామని వెలడించారు. గుంటూరు జిల్లా వైద్య ఆరోగ్యశాఖాధికారి డాక్టర్ జొన్నలగడ్డ యాస్మిన్, జీజీహెచ్ రేడియాలజిస్ట్ డాక్టర్ పూటుకూరి సురేష్, న్యూరాలజిస్ట్ డాక్టర్ పమిడిముక్కల విజయ, కంటి వైద్యనిపుణుల డాక్టర్ పసుమర్తి రాజశేఖర్ తదితరులు కళాశాలలో కలుసుకుని నాటి జ్ఞాపకాలు నెమరువేసుకున్నారు.

A message from Dr. Sudhakar

Good evening friends,

Today I went to APMISDC IT hub Mangalagiri, Amaravathi where we have to take permission. DME called me. I spent more than one hour with Executive Engineer and DME discussed about our project.

Few issues I want to clarify here-

1. Govt not accepting the construction of any building by out siders. We have to deposit the money at APMISDC and they are going to do the work.
2. But govt going to spend 6000 crores for the development of all medical colleges in Andhra Pradesh.

In Guntur three new constructions are planned after demolition of old buildings in this year or so.

3. Even if we construct the floor with the help of APMISDC, There's a chance of demolishing in the near future? So DME said "don't waste money, please wait.
4. So at present constructing a floor is unnecessary.
5. Wait for the next options... we have to discuss.

Our DME suggested Zymnasiums in hostels.

GMC '78 Classmates

Dear friends,

I/We are very proud of renovating the GUNTUR MEDICAL COLLEGE (GMC) Lecture Gallery with the latest technology. It will be very useful for the better education of our medical students and post-graduates. I/We are very thankful to everyone's involvement in this project. This is the brainchild of our dear Yogendra Babu, who is not with us anymore.

I hope that we keep contributing to our GMC for better education of GMC students. Thanks to all

- Rama Koteswarara Rao

Renovation is a small token of respect to our mother institute.

Unity is strength.

I wish my classmates to continue their support in future.

- Gangadhar

I am glad to wish all the GMC 78 family for their support & efforts for renovation of gallery in our mother institute GMC, Guntur.

God's blessings be always with GMC 78.

- Vijaya Kumari

The renovation of our GMC galleries impressed me and giving immense pleasure never before and never after , really our classmates generosity is awesome towards their mother institution and we all became big enough by the blessings of our great teachers who were highly talented and their dedication and love is unforgettable

- Veeren

Thanks to Nagesh for his untiring efforts in renovating our mother college.

- Ravi Sankar

Excellent and dedicated work by Nagesh and the team- Murthy, Nalini, Jagan, Vijaya, Kishore, Sudhakar, Ramana Kumar in the renovation of our SPM Gallery.

It is a constant endeavour by Nagesh and the team of 8 members which turned out to be successful and fruitful.

To our great and wonderful institution GMC our 1978 Batch who are now proficient in various fields of medicine all over the world - a small contribution

- Mohini

A humble gesture for our Institute.

Thanks to all those who are actively involved in this.

- Prabhakar

Dream of Yogendra babu is fulfilled by Nagesh and our dear classmates. We are very happy to be a part of it. We started our journey in that temple and achieved what we r now. A small gift of gratitude which may inspire our upcoming students.

- Vani Kusuma

We, the alumni of Guntur Medical College, are proud to have renovated this lecture hall as a token of our gratitude to our alma mater. This renovation stands as a testament to our commitment to the college's legacy of excellence in medical education. We hope that this renovated space will inspire and benefit the future generations of students and faculty at Guntur Medical College.

- Agasthyaraju Srinivas

I consider it a privilege as part of the 1978 GMC batch to contribute to improvement of GMC facilities We hope that current and future batches of medical students will enjoy renovated SPM gallery with modern facilities

- Moses Sunderraj

Thank you Nagesh}

Take the pleasure of acknowledging.

My gratitude to my alma mater. Also appreciating the efforts of Nagesh, Jagan and others who were Involved in the renovation project.

- Gargi Devi

Dear Friends & all concerned of Renovation.

It was a great attempt in doing betterment of our GMC .As a team, we tried to do ,from 78 GMC Batch . After lots of discussions, we decided to undertake renovation of One of the gallery. It is useful and possible to complete .I congratulate the team on board and behind who supported the work . I wish all the Best.

With warm regards.

- Gowri Sankar

Renovation of SPM Gallery of our Alma Mater completed in time. Long felt requirement completed by 1978 Batch. Great job by all who coordinated and executed the job.

Giving back to Mother is the duty of Offspring. Combined effort strengthened by Executors who are superlative by themselves has made this thing possible. All the best for future projects benefitting our brethren.

- Saibabu

I sincerely appreciate all the efforts by Nagesh, Jagan Mohan, Sudhakar,Ramana Kumar, Vijaya and everyone else involved in this project right from inception to completion. Special prayers for Yogendra babu for coming up with the original idea. This is a small return gift to our beloved alma mater from the batch of 1978. Wish all members of the 1978 GMC family good health and happiness

- S Sujatha

Dear friends,

I'm proud to be an alumna of GMC. It's one of the prestigious institutions training medical graduates in India and recognised all over the world.

Our college graduates have settled in various specialities in USA, UK, Australia and Middle East. They are always ready to pay back by contributing funds to modernise our college as well as Guntur Government General Hospital to cater to the needy. We are renovating the SPM gallery now.

We have supported patient care and medical education in a big way so far. There's a need to promote medical research among the young trainees in GMC as well as GGH. Our leaders should look in this direction too.

I'm glad to express my thoughts and to be a part of this effort.

Thanking you,

- Aruna Koduru

A small suggestion- How it would be to name the recently renovated lecture hall as 'Yogi Hall' or Yogendra Hall', as it was one of his wishes, to do something to our mother institution.

- Rajasekhar Reddy

I am Really glad 1978 batch was able to give back to our mother institution a small token of appreciation.

I am happy we were able to complete this nice renovation project with great help from several friends.

- Mahesh

Dear Friends,

Initially we appreciate Nagesh and Co for this team work. Especially in government medical college lecture halls with lack of infrastructure is very bad it's not visible & its not audible sometimes. Renovation of SPM lecture hall in our GMC is great blessings to the students for better understanding the subject and also recent trends. It is one way guidance to the contribution in future and younger generation.

Thanks for this opportunity,

- N.V. Lakshmi

Dear friends,

The 1978 batch of GMC will do wonders, the gallery renovation is just an example of the same. A commendable job has been done by Nagesh and co by renovating the lecture hall to meet the current demands of the students and medical education system in our college.

Congratulations once again, to those behind the success of this initiative.

Regards,

- Nanda Kishore

When we step into our almamater we will forget our present and become nostalgic and taking care of our mother institution is a humble gesture from our batch.1978.

- Yasmin

This lecture gallery is no longer overlooked; it radiates purpose and pride. Our legacy lives on through this revitalized space, impacting generations of students to come. Thank you for the enduring commitment to the excellence and unwavering support of every one in our class.

- NVS Prasad

Congratulations to all my dear friends who are behind this grand project of renovating the spm lecture gallery, helping the next generation mbbs students. I was connected more as it's my parent department and gave my services nearly upto 12 years

Long live our 1978 legacy.

- Chinnamma

Dear friends

On this happy occasion i congratulate each and everyone involved in the Renovation Project. I am happy that we could do something really useful to our Almamatter to which we owe our life and careers!!

I wish all the best to our GMC 1978 batch.

- Sudha

The medical education we got from you is the foundation for all our professional success. It is priceless. Thank you GMC

- Narayana Prasad

Dear friends

Congratulations and best wishes done by our friends in renovation of our SPM Gallery, lecture hall. Hope this renovated space benefits our next generation students and thank everyone involved in this project.

- T Suresh

Dear friends, I feel that it is a privilege, a God given opportunity to our batch, to do something in return to our mother institution.

Someone thought of this, someone else seconded, many people contributed and a fantastic gallery resulted, that is going to be useful. I am very thankful to everyone who took a major responsibility to make sure that the money collected was used for a right cause.

That you everyone for giving me an opportunity to be part of the project. What we could do is only a very small token of our gratitude to our Mother.

Thank you

- Ushalakshmi

Dear friends first of all thank our renovations team. We are happy to complete the project which is reciprocation to our mother institute. It should be a beginning for a future mega project like our 81 batch contributed to Millionium block in GGH. I felt the loss of my good friend Dr Yogi who is a catalyst for this renovation project.

- Raghu Prasad

I am excited to see the renovated SPM gallery - the long awaited dream project of our wonderful GMC78 batch ignited by our beloved CM Yogendra Babu!

The gallery where we learnt some lessons dozed off many times, gossiped in low tones, giggled for no particular reason, drew funny pictures, when bored planned an English movie at Leela mahal, enjoyed some snacks furtively and made friends for life- a rush of memories to cherish!

Now it will be the place for future generations of medicos to make theirs!

I thank the GMC principal Prof. TTK Reddy garu for his support, former principal dr Subba Rao garu for his encouragement!

- Vijaya

I am happy that we were able to see our dream project of contributing something to our Alma Mater - Guntur Medical College. Though we are all having same feeling of donating some thing to GMC-our beloved friend late Dr Yogendra Babu's proposal at pre Ruby meet in Sept'18 led to think of different options available. Initially planned examination hall or renovating one of the lecture galleries like that. with persistent efforts of Dr Nagesh, Dr KVLN Murthy and others, we were able to collect contributions from most of our classmates. Nagesh idea is that all CMs should contribute some amount so that our class of 1978 feels everyone is involved in the project. In between we felt we may not get the chance due to Government policy of rebuilding the college. Later due to Covid, it was in cold storage. Again in our recent Sapphire meet in Vizag, we took it forward and due to our CMs- Jagan, Nalini, Vijaya, Sudhakar, Kishore Kumar, Ramana along with Nagesh efforts and with the cooperation of present Principal, it materialised. I am happy to participate in the ceremony of handing over of renovated modern lecture Gallery to the college authorities.

- Krishna Kumar

We are so grateful to our parent institution, which created so many successful paths for us. Just like to our mother, there is nothing that we can give to payback the motherly nurture we received in our Guntur medical college. This small renovation project is a small brick we contribute as “Rama Bakthi” to build the Sethubandhan.

Long live our medical mothership.

- Vardhan

As an alumna of GMC 1978, I wanted to take a moment to express my gratitude for the invaluable education and experiences I received during my time at our beloved institution. It was an honor to give back to the place that has shaped me into the person I am today. Through the hard work and dedication of our group in Guntur and elsewhere we have successfully completed the renovation of the SPM Gallery project. I am immensely proud of the contributions made by our alumni community, and I believe that we will continue these efforts which will have a positive impact for years to come.

Once again, my sincere thanks to everyone involved in this effort.

- Prasanna

Hi friends,

It's a great moment of happiness for all of us, The 1978 batch to contribute something to our mother institute. It's a small but significant gesture to show our gratitude to Our Almamater.

I thank the team lead by Nagesh, KVLN and all other organisers for bringing the dreams to reality.

- Shyamala

It's very heartening to note our GMC '78

Alumni's efforts in renovation of SPM gallery at our Alma mater - the one & only Guntur Medical College.

It might be a small contribution from our Batch, but, goes a long way in showing our Love, Respect & Commitment of our classmates - wherever & in whatever positions they are placed.

Wishing for all Success & Happiness to all our Batchmates and for many more such Noble Contributions in future to any deserving causes.

Long live the Spirit of '78 GMC Alumni!

- Adilakshmi

Dear friends,

I would like to share a few words with you on this occasion. I feel very happy for being a part of this gesture of paying back something to our mother institute and especially renovation of SPM lecture gallery. Because on a personal note I happened to be working in the teaching faculty of guntur medical College and I used to take theory classes in ophthalmology for MBBS students regularly in spm lecture gallery for the last 23 years . I thank all the organizers and all our classmates in taking up this significant contribution towards the development of our alma mater.

Thank you all!

- Rajsekhar

Hi friends

Thank full for this opportunity to show or gratitude and support to our mother institution which shaped our future and destiny.

- Venkata Suseela

Dear friends, I am really glad to be part of 1978 Guntur Medical College batch and small contribution towards our Alma Mater for renovation of SPM lecture gallery.

Our mother institution GMC is the place where we all have started our careers together and blossomed into Various specialists and settled around the world and serving the patients to the best of our abilities, educating the public of prevention of various diseases and contributing to improve their health and well being. I appreciate all the members involved in this project and hope it's really useful for the youngsters.

My sincere congratulations to Nagesh, KVLN, Jagan, Vijaya, Ramana Kumar, Sudhakar and all the members who are involved either directly or indirectly by giving timely support and suggestions to make this happen.

I wish we will always be together and by contributing to our mother institute in future endeavours.

My suggestion as a mark of respect towards our beloved friend Yogendra Babu.

Renovation of SPM Gallery by 1978 GMC batch (Yogendra Babu dream)

With warm regards

- Bhanu Prabhakar

Dear batchmates,

I am happy on the successful completion and inauguration of the renovated SPM Gallery at our cammpus. This achievement marks a significant milestone in our journey towards reaching excellence in medical education and research.

It is with a heavy heart, yet immense pride, that we acknowledge the ideal behind this remarkable project – our late friend, Dr. Yogendra. His passion for innovation and dedication to advancing our alma mater's mission have left an indelible mark on all of us.

We extend our heartfelt gratitude to everyone who contributed to the success of this project. Your hard work, dedication, and support have made this vision a reality.

Thank you!

- Sambasiva Rao

Friends

We all started our journey together in 1978. I am blessed to have you all in my life and everyone is unique in their own way. We want to continue our journey as a family and not forget our roots. This is a token of love to our mother institution

On behalf of all of us I would express our sincere gratitude for unwavering support and invaluable contributions and service to our mother institution

As we continue our journey we look forward for many years of fruitful collaboration

- Vanaja

Renovation project- It is a moment of joy and pride that our 1978 batch has successfully completed SPM gallery renovation project in Guntur medical college. I thank Nagesh and other classmates for their stewardship role in building the learning center, which is the need of the hour. We are happy to be playing our part in ensuring that our students get the best facilities available for medical education.

Together we can create world class learning as well as living atmosphere for our students, who are going to be the future of health care

Each of us appreciates how GMC has contributed to enriching our lives and careers. This is an opportunity for us to give back to our alma mater.

Our alumni batch has not only raised funds but also took a lead role in project planning and implementation. I thank all our classmates who took this role and made our dream in to a reality. It is a way of showing our love and affection towards our medical school

I feel it is a beginning of a journey. I wish and hope the our batch (1978) will continue to assist our Guntur medical college to improve its reputation as one of the best medical colleges in India.

- Narendra

It brings me immense pleasure to share a few words about the 1978 'Nesthalu' on the occasion of the SPM gallery renovation at GMC. Dr. Y Nalini, my wife and Deputy Civil Surgeon at GMC, proposed this idea. With approval from the College management and the support of our beloved classmates, we embarked on this project. Our Guntur mates played an active role, and I am proud that we could give back to the College that shaped us. We immortalize our departed classmates in our alma mater's legacy.

- Jagan

Congratulations to the team for the impressive renovation of the community medicine lecture gallery at our alma mater. It's fantastic to see the space updated for future generations of medical students!

- G. Parasuram

I am happy to be a member of 1978 batch and to contribute something to our mother institution.

I express my deep sense of gratitude to all friends who were behind this project.

With special prayers to Yogendra Babu.

- Vijaya Lakshmi

GMC is a unique and an amazing institution that prepared many many physicians over the decades to go out and serve so many people around the world ! Also thankful to many physicians giving it back by taking on projects to make the institution better every day ! I am sure our project will help enhance lives of many!

Always Glad to be part of GMC'78.

Thank you

With your blessings I became an eye doctor.

Could serve so many to the best possible extent.

Among those my teachers , my close relatives , my village people, my street mates underwent surgery and they are doing well by your grace.

I got so many good friends from the institute.

We adore you Mother till my last breath.

I am indebted to you too.

Kudos to all our friends who worked relentlessly with devotion .Bless them.

A big thanks to our teachers and our Almamater. We would not be where we are today without our Almamater. Truly those six years are the best period in my life which has given lifelong close friends wonderful memories and amazing teachers. Renovation of SPM gallery is a small token of giving back to our Almamater. I especially thank to all my friends who have spent so much of their valuable time in making this project coming true. I wish many more in near future.

- V Suresh

You have done an exceptional noble job with dedication and hard work along with our available classmates there. A huge applause to all of you.

Congratulations on the occasion of completion of our renovation project.

With best wishes.

- Vijay Kumar Tenali

Hearty congratulations to our 1978 Alma mater on the successful completion of renovation of Lecture Hall. This is a unique effort put in collectively by the batchmates which speaks volumes about the team spirit. Giving back to the institute which shaped our career and future fills us with immense joy and satisfaction. I thank all and sundry for making me part of such an amazing event.

- Vijayaleela

I am so grateful to my almamater for laying the foundation for who I am professionally. It shaped my personality. It nurtured and brought out the best in me and helped me grow as a person. It was under the trees and in the many uncomfortable cubbies that I studied and snoozed. It was in the 'hot and sticky' cafeteria drinking the one oz tea and chatting that my friendships grew. It is under the tutelage of great teachers that my knowledge grew. It is watching my peers and teachers that I drew inspiration. So these are a few reasons for

My joining my friends in contributing to my almamater. I contribute so my juniors have the same or better experiences in the years to come and glean the same wisdom and cherish memories like I do.

This project that the 78 batch came to fruition under the stewardship of a handful of my friends that went ahead with hrs of planning and untiring interest and enthusiasm. My hats off to them!

This project that the 78 batch launched came to fruition....

I, profusely thank my Alma mater, for providing me Medical Education and shaping me into a doctor. It is our collective way of expressing gratitude to our beloved alma mater, by renovating a lecture hall and make it up to an updated one.

I am thankful for the memories and friendships I made at my alma mater, and it has gifted to me the wonderful bunch of friends, i.e. 1978-GMC Nesthaalu. I wish, SPM lecture hall, is only just a beginning, and I look forward in future for more and more “Thanks giving Works” from our brothers, and sisters. I promise, I will join my hands with you “ALL” for future endeavours related to our mother institution.

Yours Pal

- Rakesh Chintalapudi

This collective effort to give back to our institution that shaped us into the healthcare professionals we are today fills my heart with happiness and gratitude.

It reflects not only our commitment to the betterment of the college but also our sincere desire to provide future generations of students with an environment that fosters learning, growth.

I feel an overwhelming sense of pride and joy for being a small part of such a meaningful initiative, Here's to the past, present, and future of Guntur Medical College, a place that will forever hold a special place in our hearts.

- Ch.V. Prasunamba

It is a collective gratitude to our mother institution by our 1978 batch mates to renovate a lecture gallery. I thank all my friends for their hard work and commitment.

past and present administration of our Alma mater GMC, methodi-
cal execution of renovation of SPM gallery by our class mates - in
spite of their busy schedules. All our classmates had contributed to
this project immensely . I hope that the friendship of our classmates
will continue in future for further endeavours.*

- Ravindra ASVLN

We are all very happy to see the idea of helping the alma mater in some form or other is finally coming to fruition. It involved the financial input from most of the 1978 batch due to the tireless pursuit of Nagesh. He was single minded in seeking contributions from as many classmates as possible. It took some time to put an action plan to achieve our goal. It is due to the perseverance and relentless effort to get the project done by our dedicated classmates we are seeing the final product. I hope the school and future student bodies enjoy and appreciate the contribution of 1978 batch to the SPM gallery. Kudos to all the members of this group.

Guntur Medical College, our temple of learning, the cradle in which all of us the teachers and taught are nurtured, where stones are turned in to exquisite sculptures, carbons are polished in to dazzling diamonds our almamater , and its our responsibility to remember and payback when needed. The new SPM gallery , modernized , an idea conceived by Yogendra and developed and brought to fruition by all of us some directly and some indirectly is going to be handed over. It is our responsibility to our almamater and to our teachers to remember and pay respects and this our token action is one . On this auspicious occasion let us congratulate and thank all of us and also the artisans who actually implemented our idea and rededicate ourselves to keep contributing and paying back.

- Srinivasulu

At the end of the day it's about what we have lifted up the persons n institutions which made us stand in our lives. It's about giving back. Great gesture.

Pay back to College...

I am indeed privileged to be an alumni of the prestigious Guntur Medical College from 1978 batch. This glorious GMC has produced famous Medical Doctors who are working at different levels and are contributing a lot to human kind in the Globe. I am grateful to the then faculty which taught me from this institute and now I am What I am because of them. It was a joyous moment when we observed the Ruby Union at Ramoji Film City, Hyderabad and met several of our friends who are well shaped serving at different locations. There is need for all of us to learn from the intellectuals who were our contemporaries. Unfortunately I could not attend the Sapphire Union at Vizag due to unavoidable circumstances. As a team, we can help in shaping out the GMC in to a world class medical institute.

I am very glad that the SPM gallery is being rennovated and that many deserving lots make good use of the same. The journey we had with few counter parts is really valuable and enriching. Let us all strive hard to make our institute much more valuable and it is my pleasure to get associated with you all from time to time.

- Ch. Kishore Kumar

Indeed, I am always proud to be part of GMC 78. Congratulations to the team involved in successful renovation of SPM lecture gallery and waiting hall in MCH in GMC.our GMC is at best position producing talented doctors to serve the mankind through out the world. Giving back is good signal.

Education is not preparation for life ; Education is life itself. We measure the success of schools or educational institutions by qualitative standards which can be achieved only by improvising the classrooms in higher standards of care . I am proud to be a part of helping hands to achieve this dream. I have fond memories of my college. What we do TODAY can improve all TOMORROWS.

Dear friends...

Happy to meet you through this message.

From a small town with minimal knowledge and maximal anxiety, I entered into our college in 1978 and gained so much academic excellence from our great teachers & dear, heartfelt, memorable friendship from you people in that limited duration.

G...Gundeninda

M...Maruvarani

C...Chirasmaraneeya Kshanalu

And now...after knowing about the renovation process in our college, I am glad to inform that I am one of the participants in that humble and eminent program (Bruhatkaryakramamlo bhagaswami).

I missed twice to meet you due to certain circumstances. Hope we will meet soon.

Love you one and all...

- Krishna Murthy

I have same memories like all of you.

- Srinivasa Murthy

I deem it my earnest privilege to participate and simultaneously express my heartfelt gratitude for the happiness of remembrance for alumni of Alma Mater. It is unique pleasure and unparalleled excitement at this moment. Any contribution towards improvement of our institution is nothing less than never said and not announced ecstasy to renovate the SPM lecture gallery. Every long journey starts with a single stride ahead.

Thank you all including Dr. Ch. Nagesh and team.

Regards to each

- G. Ratnakumari

Congratulations to nagesh and team. Happy to know that it is completed.

You can't clap with one hand. Renovation Project would not have happened...

- 1. Without the inspiring initiative taken by Yogendra*
- 2. Without MAJORITY (100) OF OUR CLASSMATES contribution to a good cause.*
- 3. Without the strong motivation driven by KVLN Murthy, Ramakoteswararao (Overseas) and Jagan Mohan .*
- 4. Without the shrewd bureaucratic management by Sudhakar, Ramana Kumar, Vijaya, Yasmin and Jagan.*
- 5. With out Nalini's timely suggestion.*
- 5. Without the sound advice of Jagan and Kishore .*
- 6. Finally with out the steadfast ground work and daily supervision of Jagan and Nalini and without the pain and pressure they are putting up with the work force .*
- 7. With out all of your trust in the whole team.*

The renovation project of Lecture Gallery, the token of gratitude by GMC 1978 batch to our mother institution, could see the light of the day only because of team work.

It takes two hands to clap and whole orchestra to play symphony.

Hope our team's symphony will echoe wide and far and send positive ripples all around to sustain the great legacy and strengthen GMC to mould successive future generations of students into excellent physicians.

- Nagesh Chennupati

Congratulations on a successful project of Lecture gallery renovation in Guntur medical college and waiting room in Mother and child hospital in GGH.

I was happy to be associated with GMC' 78 batch since Zoom meeting during COVID time. Happy to take part in Sapphire reunion in Vizag. Thanks to Nagesh gaaru and team for inviting me to perform very rare songs.

Blessed to be a part of this project. Best wishes to you all.
